2009 – 2011 BIENNIAL BUDGET

STATUTORY LANGUAGE CHANGES

DIN 6010 – Create a PR-S Continuing Appropriation

Create a PR-S Continuing Appropriation for Private and Public Receipts (Numeric Appropriation 237)

The department is requesting that a PR-S continuing appropriation be created in order to have the means to deposit revenue received from private entities and public agencies, other than state agencies or the federal government, for facilities, materials or services provided by the department and to pay for expenses associated with those facilities, materials or services.

The department currently sublets space at its regional office in Milwaukee to the Milwaukee County for its Veterans Service Office (\$14,400 per year) and leases a van to the Disabled American Veterans (DAV) veterans service organization so that they can transport veterans to medical appointments (\$3,800 per year). What all of these opportunities have identified is the need for the department to create a PR-S appropriation so that, from an accounting perspective, they can be handled appropriately. A continuing appropriation is being requested since it is not predictable when these types of opportunities will occur and a continuing appropriation provided the budgetary flexibility to allow the department is to take advantage of such opportunities.

20.495 (2) (kp) of the statutes is created to read:

20.485 (2) (kp) *Public and private receipts.* All monies received from public and private services, other than the federal government, for facilities, materials or services provided by the department to pay for expenses associated with those facilities, materials or services.

Laurie,

The request was for a PR-S appropriation, but that type of appropriation only applies to money received from state agencies. The examples in the request were not state agencies, so I changed this to a PR[✓] appropriation. Does DVA[✓] have authority to rent space and equipment to non[✓] state agencies and collect money for that rental, and use the money collected as proposed? *
